

“Restricted Mic, the Spring Edition”

Adhering to Government advice & guidance concerning COVID-19, CDYSB continues to respond in numerous ways to support youth organisations during these exceptional times.

Due to the popularity of the “**Restricted Mics Series**” CDYSB is proud to present in partnership with Garageland.

“Restricted Mic, the Spring Edition”

A Showcase of young people’s musical talents. This event is set to be broadcast the 22nd & 29th March on RTE2XM with video streaming to a range of social media platforms, including our CDYSB Facebook page.

https://www.facebook.com/cityofdublinyouthserviceboard/?modal=admin_todo_tour

These pre-recorded performances will be broadcast via radio with video streaming to social media platforms. With the present restrictions in place it is paramount that young people are not encouraged to group together to perform without proper adherence to social distancing and recommended hygiene protocols. “**Restricted Mic, The Spring Edition**” is open to young people and family members to enable the performance. Given this is an online event, additional parental and/or guardian consent may be required, this will be the responsibility of individual youth services. Support will be provided on how best to record performances.
